

2019 – 2020 Clay County EMS Training Schedule

There will be two opportunities every year to get your hands-on skills in (airway and other skills). If you miss those two, you will need to set up a date with Kristi to come in and do hands-on skills. Dr. Lako-Adamson wants every responder to have hands-on skills at least once per year.

The **bold** classes below are NCCR opportunities; each is offered once time every two-year period.

January 2019	Cardiac Emergencies		
February 2019	CNS Injuries		
March 2019	SIM ND @ FM (hands-on skills)		
April 2019	Psych & Behavioral Emergencies		
May 2019	Triage & MCIs		
June 2019	Immunologic Emergencies	Endocrine Emergencies	
July 2019	OB Emergencies	Pediatric Transport	
August 2019	Strokes		
September 2019	Evidence-Based Guidelines	EMS Research	Crew Resource Management
October 2019	SIM ND @ FM (hands-on skills)		
November 2019	Toxicological Emergencies	Neurological Emergencies
